

Draft Task Chair

Lariat
Savannah

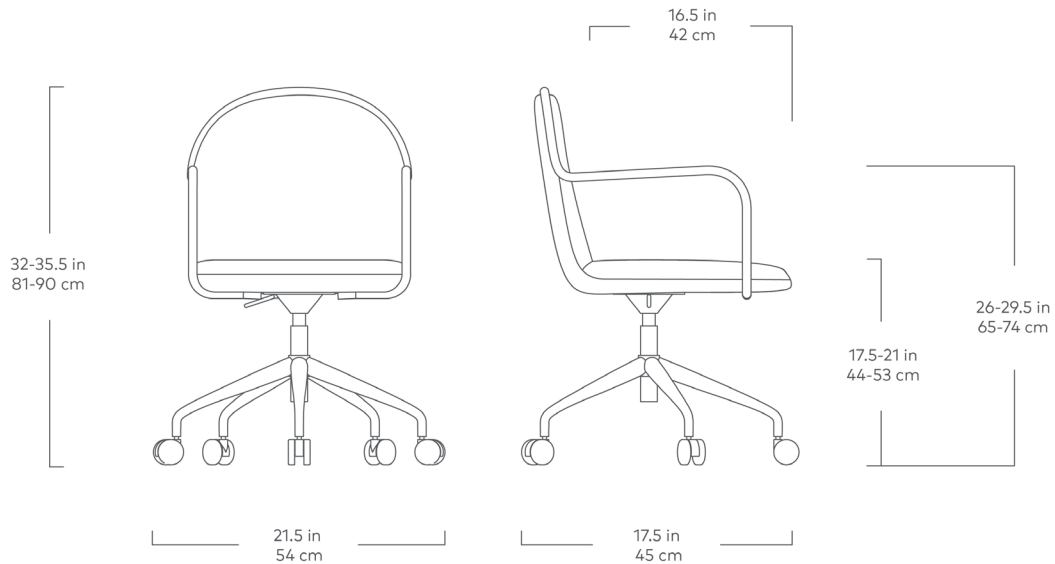

Lariat
Aberdeen

At your home office or corporate HQ, the Draft Task Chair is a minimalist marvel with style and functionality at its core. Covered in a soft-touch suede-like fabric, the molded seat and back piece creates a seamless look that maximizes comfort for all-day use. Black metal tubing traces a continuous line from arms to back and coordinates with the durably engineered, yet lightweight steel base. And if that's not enough, this do-it-all chair offers height adjustability, a tiltable back, and a smooth 360-degree swivel rotation to glide you through the busiest of work weeks with ease.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Draft Task Chair

- Height-adjustable via a smooth, gas lift mechanism.
- 360 degree smooth swivel rotation.
- Adjustable, tiltable back for custom comfort.
- 5-star, powder-coated steel base with smooth castors.
- Fully upholstered seat and back.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.
- Passed and complies with the requirements of ANSI/BIFMA X5.1 2017
- Assembles easily with provided hardware.
