Envelop yourself in mod luxury with the plush and sophisticated Nord Chair. With an elegant, curved silhouette, the Nord Chair invites you to sink in and stay awhile, with a retro yet timeless shape that's emphasized by an ample, low profile back and feminine curved arms. Each piece has been expertly crafted in lush fabric, with a tight seat and back atop black steel legs that add a modern touch to the piece's striking '70s-inspired sensibilities.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Nord Chair

- Tight back, seat and arms.
- Created with high resiliency polyurethane foam.
- Kiln-dried wood frame with elastic webbing suspension system.
- Black powder-coated steel tubular legs.
- Leveller feet to protect hardwood floors.
- All joints have been stress tested.
- 9 gauge No-Sag, injection-molded sinuous spring clip system.
- All joints have been stress tested.
- All fabric is California TB117-2013 certified and double rub tested.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
