

## Phillip Swivel Chair

Delta Tweed • 243626-002

### \$2,055

#### Overview

Style meets substance in this olive cotton-blend swivel chair. Blind stitching along the seat and back cushions create a polished complement to the heritage frame. The slight pronounced seat cushion creates an illusion of being loose, but is actually a fixed cushion with expert tailoring. A piping channel detail gives the arm a finished look.

#### Details
