

Conway Coffee Table

Natural
Walnut

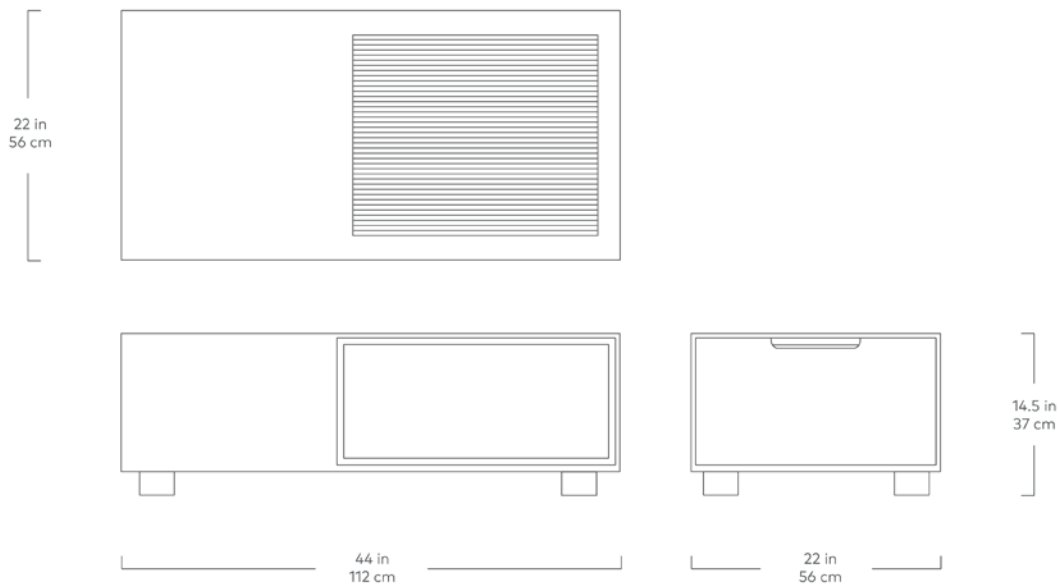

Royal Oak

The Conway Coffee Table celebrates mid-century design principles through geometric forms, warm wood tones, and a thoughtful mix of materials. Functionality is at the heart of this design, which features an ample storage compartment to keep everyday clutter out of sight. A low-profile silhouette with discreet, solid wood legs creates a floating effect, giving the table a light and refined presence. Solid wood detailing on the corners and drawer pull highlights the table's craftsmanship, while the open area beneath the fluted glass top adds visual texture and provides an elegant solution for displaying objects. Crafted in your choice of oak or walnut finish, Conway combines durability with a timeless style.

Conway Coffee Table

- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
- Main structure is constructed with an engineered wood core for strength and stability, surface-faced with thick, real wood Oak or Walnut veneer.
- Drawer features a recessed finger pull and solid wood detailing on the top edge.
- Pull out storage compartment is ideal for storing blankets, pillows, toys and remotes.
- Open cubby with solid wood details is accentuated by a 3/8" fluted glass inlay, providing space for books, magazines and miscellaneous items.
- Water-based, water-resistant clear coat finish.
- Features low-profile solid wood legs with non-marking leveling feet that can be adjusted for stability on uneven floor surfaces.
- CARB (California Air Resources Board) Phase II compliant.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
