The Monterey Sofa embodies a laid-back, coastal vibe, with a deep seat and luxurious back cushions, perfect for lounging on a lazy Sunday. Solid wood, spherical feet add an organic touch. The Monterey is both environmentally and family-friendly, with machine washable slipcovers and PET filled cushions. This sofa is constructed with kiln-dried FSC®-Certified hardwood, in support of responsible forest management. Monterey uses a clean, ultra soft, long-strand fiber fill material that offers the comfort and feel of traditional waterfowl down. This material is created through a process that benefits the environment by diverting 748 plastic bottles away from landfills, waterways and oceans for each Monterey Sofa we build.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.
