Inspired by 1970s Italian Modernism, the Thalia Sofa is defined by wraparound cushions that provide enveloping comfort and effortless allure. Expertly upholstered in a selection of durable fabric and leather coverings chosen to complement this design's relaxed aesthetic, Thalia incorporates our luxurious synthetic-down cushion fill, made from 100% recycled content. Supported by a kiln-dried solid hardwood frame, this sofa is made with materials, craftsmanship and style to last.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Thalia Sofa

- Leather is top grain, aniline dyed.
- Our leathers may have distinct surface characteristics, natural markings, grain pattern and colour variations which differ from hide to hide and from one product to another, making each leather product unique.
- Surfaces scratches and wear marks on leather are normal and to be expected. Over time they will contribute to the unique personality, patina and visual charm of the design. If desired, scratches and wear marks may be minimized with the use of leather conditioner.
- With all leather products, some stretching over time is normal. This "working in" of the leather only adds to the comfort, softness and character of the design.
- Back cushions contain an eco-friendly, synthetic-down fill made from 410 recycled plastic water bottles.
- Seat cushions are crafted with a high resiliency medium density foam wrapped in eco-friendly synthetic down fill made from 157 recycled plastic water bottles.
- Velcro attachments (leather option only) on seat and back cushions for a secure connection to the upholstered frame.
- Kiln-dried, hardwood inner frame with No-Sag, sinuous spring suspension system.
- Inset, non-marking feet.
- All joints have been stress tested.
- Manufactured to comply with California Prop Phase 2 standards.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.
